

Welcome to 24/7 Media

24-7 Media's New Range of Dual Touch Screens 30" - 130" available now!

Our Multi Touch Screen at Microsoft's exhibition stand during CeBit 2010 in Hannover, Germany.

24-7 Media Technology together with exclusive distributor from Germany, Canale Grande, would like to bring your attention to CeBIT 2010 conference and tradeshow in Hannover, Germany.

During the CeBIT 2010 tradeshow our company's products were to be seen at the Microsoft exhibition stand, presenting Microsoft's new software solutions and their developments in conferencing systems. With the aid of Glimm 82" Multi Touch Screen, that is compatible with Microsoft's Windows 7, as well as by using projection films and other products of Glimm Screens B.V, Microsoft created an innovative exhibition stand gathering the attention of professionals from all around the world.

Integration of new software with the latest multi touch system is a step ahead towards innovative, high-tech but user friendly computer and touch screen technologies.

Canale Grande and Glimm Screens B.V. are proud to be the leaders in that field.
